4	**Sachet ORS Electral Powder** Oral Rehydration Salts IP	1 Sachet in 1L	As needed	3 Days	Oral	Sip throughout the day for hydra

DOCTOR'S ADVICE & DIETARY GUIDELINES

- Maintain complete bed rest and ensure adequate hydration (minimum 2.5 to 3 Litres water / liquids daily).
- Eat freshly prepared, light, non-spicy meals (khichdi, clear soups, steamed vegetables, coconut water).
- Monitor oral temperature every 4-6 hours. Avoid unprescribed NSAIDs (e.g. Aspirin/Ibuprofen) without consultation.
- Warning Signs: Return immediately to emergency OPD if severe abdominal pain, persistent vomiting, or breathing difficulty occurs.

SCHEDULED REVIEW / FOLLOW UP

Follow Up Date: 01 Oct 2026 (After 5 Days)
Purpose / Instructions: Review fever defervescence, physical symptoms, and evaluate CBC & Dengue lab test reports.
